Forecast For East of England
Issued by Met Office Exeter
at 1600 on Wednesday 21 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunny with isolated thundery showers possible later.

This Evening and Tonight:
Any thundery showers dying out in the evening to leave a dry night across the region with long clear spells. Feeling humid, especially in the west. Minimum temperature 13 deg C (55 deg F).

Thursday:
Mostly dry with long sunny periods, and just the outside chance of a shower in the west. Hot again in the west, but coastal areas cooler with some patchy cloud. Maximum temperature 30 deg C (86 deg F).

Outlook for Friday to Sunday:
Hazy sunshine on Friday but breezier and less warm, and with some thundery rain later in the evening. Saturday and Sunday cooler with showers, these locally heavy and thundery.
